As another tumultuous year draws to a close, we can look back and reflect on the remarkable things the school has achieved. Despite lockdowns and periods of remote learning our

students have demonstrated resilience and strength. This is in many ways a tribute to the school and our Parkmore Primary School community

I am proud to feel a sense of belonging to this school community – to join in as we celebrate successes and to offer support wherever needed. I would like to acknowledge your support as school community members, and I wish everyone a safe and relaxing holiday.

Focus on Learning

Our students have been working hard right up to the end of term. In the Senior School this week, I have enjoyed finding out about Integrated Studies in 3/4A and 4/5A. The 3/4s have been discovering and reporting on the processes taken to make certain products with natural origins, including silk, honey and leather. I also had fun at a 4/5A 'expo', featuring products that they designed, created prototypes for, and advertising. Very enthusiastic students pitched innovative phone covers, quiet rooms, ultimate bean bags and squishy toys.

Well done everyone for your creative thinking and rigorous inquiry!
